Mew Mew Synopses

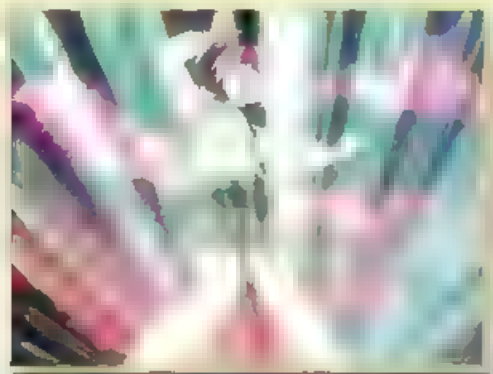

Episodes 1-26

The Main Mew's Muse

The newly formed Mew Mew team learns its true purpose when Elliot and Wesley explain that they are Infused with the life force of endangered animals – Zoey, the Wild Mountain Cat; Corina, the rare Blue Lorieet; Bridget, the Black Finless Porpoise; Kikki, the Golden Tamarind Lion Monkey; and Renee, the Grey Wolf. Together their mission is to guard the world against alien invasion from the Cyniclons. Zoey's crush, Mark, takes her to the park and shows her a beautiful old tree that, to him, represents the importance of individuality. She later finds the tree is actually a poisonous part of Cyniclon Dran's handy-work, so the Mew Mews must destroy it to save the day!

We go back to the beginning when Zoey Hanson is just an average high school student with a crush on the coolest jock in school, Mark. Knowing Mark is an earth-conscious kind of guy, Zoey invites him to see an endangered animal exhibit. Their date is great, but when Mark leaves to get juice, an earthquake and strange flash of light cause Zoey to pass out! Following cat-like antics and a sudden craving for fish, Zoey realizes she's been changed into a creature she can't control! When a huge rat monster appears and knocks Mark unconscious, Zoey is forced to spring into action. "We have Mewtamorphosis!," declares Elliot, a mysterious boy who seems to be responsible for Zoey's transformation. In the end, Mark is safe and the mutant rodent has been defeated, but Zoey has a lot of questions.

Mew Two

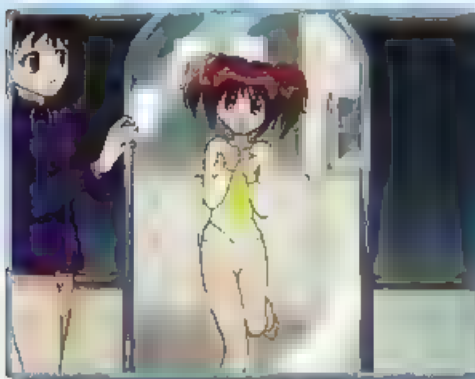

Elliot and Wesley take Zoey back to Café Mew Mew, the Mew Mew's top secret, under cover base. Zoey learns she's been Infused with the life force of an endangered Wild Mountain Cat to become a female feline super hero! Zoey's mission: work as a waitress, under cover at Café Mew Mew, battle Cyniclon Aliens and an army of Infused Monsters, find the four remaining members of the Mew Mews, and finish her homework! Zoey sets out to find her teammates, but instead she finds wealthy, snobbish, Corina Bucksworth, and a whole lot of trouble! The Cyniclons have sent an Infuser to turn Corina's dog, Mickey, into a Predasite. The unlikely twosome must team up to defeat it!

• Posttergeist

Late for school, Zoey carves a speedy route through town, while a timid girl, overburdened by the weight of her classmates' book bags, makes her own way toward a neighboring school, Excalibur High. So Zoey Hanson and Bridget Verdant inevitably collide only to see each other again later that day, while Zoey waits tables at Café Mew Mew. Zoey and Corina overhear Bridget's classmates as they pressure Bridget to investigate rumors of nightly ghost sightings. Corina's convinced that the ghost sightings are just another Predasite incident. She wants the Mew Mews to do some investigating of their own, but Zoey's afraid of ghosts!

Zoey's first encounter with Cyniclön Dren, leaves her feeling confused and unable to face Mark when he invites her on a date to the Wild Ride Amusement Park and Petting Zoo. When Minimew leads Zoey to Mew Mew duties at that very same park, the date is back on! It's not long before the date is interrupted by Minimew's original cause for concern. The park animals go on a rampage, the couple is separated, and Cyniclön Dren Infuses a lion cub making a Lion Cub Predasite! Luckily the other two new Mew Mews, Corina and Bridget, arrive at the scene to help Zoey mewtulate the monster and save the day!

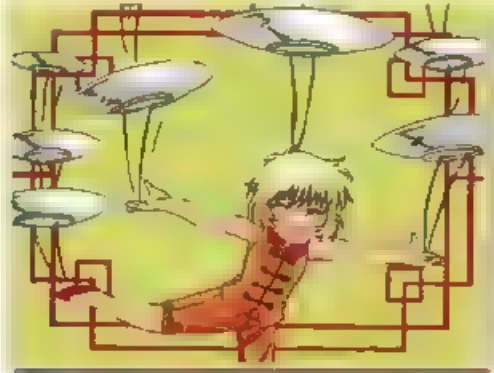

Late for school again, Zoey nearly loses one of her nine lives under the wheel of a passing truck, but her cat-like reflexes spring into action in the form of a triple rotation back-flip. This gains the attention of the school Gymnastics Coach. Coach decides she must have Zoey on the gymnastics team. If only for the cool outfit, or the chance to be at the gym near Mark, Zoey agrees. Zoey's super natural powers make her a super natural with hoops, balls, and ribbons, so she soon finds herself set to compete. The Mew Mews, Elliot, Wesley, and Mark attend Zoey's meet, but Cyniclön Dren has plans to end the festivities!

Party to You Mew

Elliot plans a grand party to honor the Mew Mew girls and their undying efforts to defeat the Cyniclons. He orders elegant dresses for Zoey, Corina, and Bridget. Zoey's dress is just the right color! Though Elliot is usually curt, blunt, and rough around the edges, Zoey now wonders if she's been underestimating him all along. Famous pianist, Maria Rivera, performs at the party, everyone dances, and it's a hit! It's a hit - that is, until an unfortunate, unexpected guest crashes the party and unleashes a totally new kind of monster! Cyniclon, Dren uses his Infuser to create a Human Predasite this time. And his human of choice is the life of the party, Maria Rivera!

Suddenly surprised by a young, energetic, street performer named, Kikki Benjamin, Zoey loses control of her animal form in public. Her ears and tail pop-out for all to see! Most people think it's part of Kikki's performance, but Kikki knows that wasn't in the script! Persistent Kikki pesters Zoey about her tail trick, but Zoey eventually escapes the situation. Dren finds poor Kikki in an abandoned state and takes advantage of the situation. He promises to make Kikki's dreams come true, by Infusing her with an animal form. All are eventually surprised when Kikki unwittingly unlocks an animal form of her very own! They discover that Kikki's the fourth Mew Mew!

Bridget wins free tickets to the Pampered Princess Resort and Spa and the girls head out to the country. Once there, they realize the resort is still under construction and the free tickets are only good for next year, but they stay to appreciate the nature around them anyway. They then meet a boy named Maroo who looks a lot like Mark, and shares his earth-conscious beliefs. Marco opposes resort construction as he doesn't want to see the natural habitat of local otters, monkeys, and plants destroyed. Dren appears, creates a Predasite and the suspicious townspeople panic. Many believe the Predasite is the guardian spirit, Isaoshi, setting wrath upon the townspeople for disturbing the nature of the mountains.

Do Mew Wanna Dance?

A big date with Mark and Zoey doesn't have a thing to wear! Corina agrees to loan her a dress and the girls head over to Corina's house. They're surprised to find Corina's older brother, Sergio, even more stuck-up than Corina herself. When Zoey finds a nostalgic snapshot hidden in the back of Corina's closet, she learns that the siblings were once close... but in growing up, they've grown apart. The Mew Mews are on a mission to bring the siblings back together by convincing Sergio to attend Corina's ballet recital. Corina's time to shine - she must perform at the ballet recital and defeat a Predasite - who also knows ballet!

A female super hero's been battling Predasites around town. When a shadowy snapshot of this tall mysterious figure appears in the newspaper, the Mew Mews fear their cat's out of the bag! They're soon relieved to find the figure's striking height lacks resemblance to current Mew Mews, but they then realize that the figure must belong to their last remaining teammate! The girls examine the snapshot for clues and eventually conclude the last remaining teammate is famous pop-star Renée Roberts. What kind of zany antics must the Mew Mews pull to pry their way into Renée's life as a lone wolf?

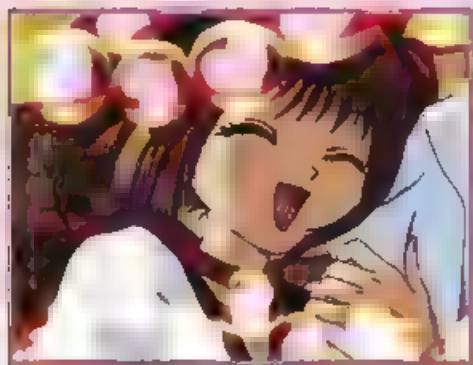

The Taming Of The Mew

Though they find Renée doesn't want to team-up, the girls give it one last shot and head to the television studio, where Renée's scheduled to appear on live television. Cyniclou, Dren prepares a nasty trap to prevent the successful completion of the Mew Mew Team. So when the girls get there, they're already too late! Dren sends Corina, Bridget, and Kikki into another dimension. The only way Dren will bring them back is if Zoey fights Renée. Zoey's forced to choose between teammates, when she knows she needs every last one of them to help her save the world. Luckily, Renée has a few tricks up her sleeve and the power to save the day!

Slime And Slime Again

Zoey freaks out when she thinks Mark's realized her secret identity as a Mew Mew! She manages to avoid him at school, and even hides under a table when he stops by the Café. But she can't resist the chance to support him in his Kendo match, and that's when he catches her! Just when Zoey thinks she must confess her alter-identity and get totally dumped, Dren attacks. Momentary relief turns to fear when Zoey realizes she's still not totally sure Mark knows about her alter-identity, so she's still not totally sure she can transform into a Mew Mew in front of him! Luckily, love gives her the power to overcome her fears and defeat Dren.

Wesley's in a daze for days over a birthday cake design and a date circled on his calendar. Zoey's surprised to meet a scientist named Chrys with the same date circled on her calendar. Zoey does a little digging and learns Chrys is Wesley's ex-girlfriend and the date circled on their calendars is her birthday. They loved each other, but put their careers before romance. Wesley never forgave himself for missing Chrys' birthday and he's been baking birthday cakes every year, ever since. Two new Cyn clons, Sardon and Tarb, are assigned to undo the Mew Mews. They Infuse Chrys to make her into a Butterfly Predasite! Can Wesley save the day?

The Hero Lies In Mew

Thoughtless commentary leaves Minimew feeling useless and unloved. He knows he's strong and vows to prove his worth the next time the Mew Mews go to battle! The girls team-up to defeat one of Tarb's Infused Plant Predasites, but no one notices Minimew going in for the attack—and worse, no one sees the Plant Predasite swallow Minimew whole! So in the guise of glutinous plant contents, Minimew is accidentally transported to another dimension with the Cyniclron Aliens! He's discovered and interrogated, but he won't talk! He instead hacks into the Cyniclron database and sends out an emergency signal. By the time Minimew's rescued, everyone learns his true worth!

In the midst of the fray, Ian runs to another girl's aid. Bridget realizes Ian never had feelings for her, but there's no time to fret, she's got to defeat the evil Predasites. Bridget and Kikki battle Tarb's Radish Predasites on one side of town, while Corina and Renée ward-off Sardon's Fish Predasites on another. Tarb inevitably appears and Infuses the teacher to make her into a Chicken Predasite. Though they defeat Tarb and save the teacher, the Mew Mews make a total mess of their domestic temp work. A heated argument with Zoey tips the scale causing Corina to quit work, go home, and return her uniform. Renée sees significance in the spat and attains Elliot's order to bring Corina back by any means necessary!

Though she thinks the Rainbow Stone is special enough to be the feature of the jewelry show, she gets disheartened when her boss laughs at her. Back at the under cover base, Elliot and Wesley find that the Rainbow Stone really is a special stone. It could be Blue Aqua Crystal! Unfortunately, the Cyniclóns are also on to the stone and they'll stop at nothing to get it!

• The Hunt For Blue Aqua

Elliot and Wesley find that Blue Aqua Crystal is actually hidden underground, but the Cyniclons are already on that very same trail. So the race is on to find Blue Aqua Crystal! The Mew Mews begin their search in the sewers, while the Cyniclons use Predasites called Armadrillos to burrow underground. Dren creates an above ground diversion by setting an Infused Moth Cocoon at the top of City Tower. The Moth Predasite lies in wait and grows within! He tells Zoey it is the love inside her heart that has the power to bring out the Blue Aqua Crystal. If Zoey can use the Blue Aqua Wand to channel the awesome powers of Blue Aqua Crystal, she may be able to destroy the Moth Predasite and save the poisoned city!
